Please keep the following in mind when considering our uniform code: The aim of the uniform is to break down barriers between students and to remove distractions in the classroom. It also seek to unify the student body for the common purpose of learning well together. If a uniform is worn properly it will not call attention to the student as different from the others. Please help us by reminding your child of the uniform policy. If they show up at school with clothing that violates the dress code we will call you to bring them replacement items or have them select items from the recycle rack.
We recognize that all bodies are built differently and therefore clothing fitts differently. Please ensure that your child's uniform is modest in length and tightness on his/her body. For example, shorts should be above the knee, not just below the bottom, and shirts should hang comfortably, not cling tightly.
